| Polarized | \$53.00 |
| Material Copay | \$23.00 |

- The lightest weight and most impact resistant lens material available. Very scratch resistant and extremely clear optical quality.
- As its name implies, Shamir Relax™ provides relief and helps eyeglass wearers do exactly that – relax, and enjoy greatly minimized eye dryness and fatigue, tearing, headaches and blurry vision at the end of long days in front of computer and digital device screens.
- Polarized lenses are top-of-the line sunglasses that remove glare and light from reflected surfaces. Polarization is an excellent option for driving and outdoor use.

Tax

\$8.65 (5.00%)
